## REPUBLICANS OF OHIO

Meeting of the State Convention at Zanesville.

### GOVERNORSHIP CONTEST SETTLED

General Asa S. Bushnell Nominated on the Sixth Ballot—Senator Sherman Chairman of the Convention—The Convention Remained in Session Until Midnight—The Platform as Reported from Committee.

ZANESVILLE, O., May 29.—The Republican state convention was called to order here promptly at 4 p.m. by Colonel Joseph C. Bonner, chairman of the state committee. A half hour previous the hall was packed to its full capacity of 5,000, and a larger number was unable to gain admittance. Senator Sherman was given a stirring ovation when he was escorted into the hall at 3:30 by Congressman Van Voorhis and Judge Granger. Ex-Secretary Foster, members of congress, several candidates and others were cheered as they entered, so that Chairman Bonner had to rap hard for order previous to the prayer of Rev. Samuel G. Addison of Toledo.

Colonel Bonner then introduced Senator John Sherman as the temporary chairman. His speech commanded the closest attention.

After the conclusion of Senator Sherman's speech the congressional districts were called for the announcement of their respective members of the committees. The committee on resolutions consists of 18 against the free coinage of silver and three for it.

A recess was then taken.

On reassembling the temporary organization was made permanent. The contested delegations from the Toledo and Springfield districts were not unseated. With a corresponding number of speeches the following names were presented to the convention for the nomination for governor: J. W. Barger, J. Warren Keifer, J. H. Hoyt, George K. Nash, Robert M. Nevin, A. I. Harris and E. W. Poe. General Bushnell's name was not presented by any speaker. There were 827 delegates in the convention, 414 being necessary to choose. The first ballot resulted as follows: Bushnell, 58; Barger, 86; Hoyt, 176 1-2; Keifer, 74; Nash, 168; Nevin, 60; Poe, 146 1-2.

Chairman Sherman announced there was no nomination.

The second ballot resulted: Bushnell, 83; Barger, 83; Harris, 44; Hoyt, 169 1-2; Keifer, 63; Nash, 169 1-2; Nevin, 81; Poe, 133.

The third ballot resulted: Bushnell, 159; Barger, 86; Harris, 27; Hoyt, 165; Keifer, 40 1-2; Nash, 199 1-2; Nevin, 78; Poe, 84. E. W. Poe's name was here withdrawn.

The fourth ballot resulted: Bushnell, 347; Barger, 32; Harris, 26; Hoyt, 148; Keifer, 16; Nash, 257. Bushnell lacking only 67 votes of nomination.

The fifth ballot resulted: Bushnell, 410; Harris, 5; Hoyt, 120; Keifer, 12; Nash, 279.

On the sixth ballot General Asa S. Bushnell was nominated, receiving 509 votes, Nash 201, Hoyt 111.

The Clark county delegation from Bushnell's home stood out for General Keifer till the last ballot when it gave each half of its vote.

Ex-Secretary Charles F. Foster took the platform at midnight to read the resolutions, but the convention voted to give him leave to print, whereupon the convention adjourned.

The following are the resolutions:

The Republicans of Ohio, in state convention assembled, congratulate the people of the country upon the signal victory in the state and congressional elections last fall, assuring glorious national victory in 1896, and declare as follows:

Firs.—We reaffirm our adherence to the principles of the Republican party as defined by the national convention in 1892, chief among which are:

A protective tariff, which restoring American wages and American products, shall serve the highest interest of American labor and American development, while providing adequate revenue for the uses of the government.

Reciprocity, which, while seeking and gaining the world's markets for our surplus products, shall not lower or destroy American wages, nor surrender our own markets to foreign commodities which can be produced no where else.

Fair elections, based upon a free ballot and an honest count, the safeguard of American institutions, the true source of public authority.

Honest money, consisting of gold, silver and paper, every dollar as good as any other dollar, and all backed by the national faith and honor. We favor bimetallism, and demand the use of both gold and silver as standard money, either in accordance with a ratio to be fixed by an international agreement if that can be obtained, or under such restriction, and such provisions, to be determined by legislation, as will secure the maintenance of the parity of values of the two metals, so that the purchasing and debt paying power of the dollar, whether of silver, gold or paper, shall be at all times equal.

Second—We denounce the present Democratic administration, whose vicious and vacillating course has brought us distress at home and humiliation abroad. It has inaugurated a policy looking toward ultimate free trade, which has deranged business, crippled our industries, distressed our homes and dealt labor a serious blow. With deplorable incompetency it has failed to raise revenue enough to run the government, and has had to borrow in less than two years \$102,000,000, mainly to pay ordinary running expenses, selling in secret to favor foreign syndicates the bonds of the government at prices far below their actual value.

It has lowered the flag in Hawaii, in an

un-American attempt to overthrow a republic and restore a monarchy, and, with unpatriotic indifference, has suffered British troops to land in Nicaragua, in contemptuous disregard to the Monroe doctrine; by these and similar acts, our country, second in power and dignity to none, has suffered a loss of respect throughout the world.

We denounce the free wool provision of the present tariff act as an unjust discrimination against an important industry and demand such protection for sheep husbandry as will secure fair prices for American wool.

We denounce the present administration of the pension bureau for its betrayal of the interests of the Union soldiers, and we pledge anew to the veterans of the republic a watchful care and recognition of their just claims upon a grateful people.

We endorse the able, honest and business-like administration of Governor William McKinley; we are unqualifiedly in favor of biennial sessions, and endorse the action of the last general assembly in returning to the policy of the founders of our state constitution in that regard; we commend the last general assembly for the care and economy of its appropriations, taxing privileges and franchises enjoyed at the hands of the state, and thus relieving to that extent the burdens of taxation now resting upon the people.

Believing the proposed Nicaragua canal is needed for commercial extension and national defense, and that it ought to be constructed and operated by the government of the United States or under its protection, we commend this project to our representatives in congress.

The election of a Republican legislature in this state next November will enable Ohio to send to the United States senate a Republican colleague to that grand old statesman, John Sherman, who has so long and so ably sustained the honor of Ohio as her representative in that august body. For this honorable place in the upper house of congress, the Republicans of this state have but one candidate, and we, their representatives here assembled, give voice to that unanimous selection in naming and recommending as their choice for that position that grand soldier, peerless orator and patriotic statesman, John B. Foraker.

The people of Ohio are proud of the character and career of their distinguished friend and citizen, William McKinley. A pure, patriotic, unselfish life of public service has endeared him to the Republicans of the nation, and justly won him a place among the few chosen by popular acclaim, for high station and great leadership. Believing him to possess, in eminent degree, those rare qualities of broad, wise and patriotic statesmanship, which not only fit him for victorious leadership in a great campaign, but for successful administration after election, we present William McKinley to the Republicans of the nation as candidate for the nomination for president in 1896, and we pledge him the absolute and unwavering support of Ohio at the next national convention.

We have had with great sorrow of the sudden and untimely death of Hon. Walter Q. Gresham, late secretary of state, and we extend to his bereaved family our sympathy and condolence.

The nomination of General Asa S. Bushnell is generally regarded as a victory for the Foraker men over the McKinley men, although the result was not as decisive as the former expected.

The Foraker men were able to concentrate on Bushnell and their opponents remained divided.

General Bushnell was born in Oneida county, N. Y., in 1834. In 1854 he removed to Springfield, O., where he was a dry goods clerk, afterwards bookkeeper. In 1866 he became interested in the firm of Warder, Bushnell & Glessner, manufacturers of harvesters, and is now the head of that firm and worth several millions. He was a captain in the civil war. He was quartermaster general on Governor Foraker's staff and chairman of the Republican state committee when Foraker was first elected governor in 1885 and when Sherman secured his fifth term as senator. He became noted in the state by ferreting out the forgeries of tally sheets at the election of 1885. He has always been the political and personal friend of Foraker and has done more than any other man to promote as well as start Foraker in public life. He was a delegate at large to the last Republican national convention at Minneapolis.

STOLE A MARCH ON ROBY.

The Supreme Court Will Hear the Case Early in June.

INDIANAPOLIS, May 29.—The state has stolen a march on Roby and by a move of the attorney general and governor the suit against Roby will be argued before the supreme court June 7 and a decision will be rendered by the court during the week following that date or before it adjourns for its summer vacation. The court adjourned yesterday until June 3, when it will convene and be in session continuously until June 14, at which date it will adjourn until October.

Yesterday being call day, the Roby cause was submitted by the court on call, and on motion of the attorney general the case was advanced and oral argument set for June 7 and the appellants compelled to file their brief on that day. Governor Matthews submitted a statement to the court in writing, which was no doubt for the reason why the cause was advanced. But for this move the state would not have secured a decision from the supreme court before October and the Roby races would have been held openly and without any possibility of legal restraint all summer. The move was a surprise to the other side.

## DISASTER ON THE SEA

The Steamer Colima Wrecked Off the Mexican Coast.

### OVER TWO HUNDRED LIVES LOST

Only Nineteen Were Saved Out of One Hundred and Ninety-Two on Board—A Similar Disaster Off the Galician Coast Where 103 Lives Were Lost—Details of the Disasters Very Meager.

SAN FRANCISCO, May 29.—A dispatch was received last night by the father of one of the passengers on the Pacific mail steamer Colima, from Manzanilla, which read: "Saved. Will wire particulars later." The Colima sailed for Panama and way ports on May 18, and this is the first news that anything has happened to her. Manzanilla is half way between San Blas and Acapulco, Mex. The vessel at this date would have been in that vicinity.

Superintendent Schwerin of the Pacific Mail company, a few hours later, received word that the steamer Colima had been wrecked off the Mexican coast. He stated to an Associated Press reporter that the Colima carried 192 people, and only 19 were saved. There were 40 cabin passengers, 37 steerage, 13 Chinese and the crew numbered 72. Most of the cabin passengers were bound through to New York.

Among the cabin passengers were: C. H. Cushing, G. S. Cushing, J. L. Thornton, Miss Bessie Davis, George Farrell, Mrs. A. G. Cook and child, John Stein, Mrs. Charles Thornton, Louis H. Peters, A. J. Sutherland, C. H. E. Orme of New York, J. E. Roberts of New York, W. H. Allen, W. H. Bryan, Alfred Alonso, Mrs. L. R. Brew, C. Irving, H. F. Greigby, G. V. Gray, E. F. Bee.

The Colima was commanded by Captain J. P. Taylor, and was an iron vessel of 2,900 tons. She was built in 1873 by Roach & Sons of Philadelphia and was owned by the Pacific Mail company.

The wreck occurred between Manzanilla and Acapulco. The Colima carried a very heavy cargo of general merchandise.

Superintendent Schwerin's information is very meager. The message sent to him says the ship was wrecked May 27 and a ship's boat containing five of the crew and 14 of the passengers arrived at Manzanilla Tuesday.

### STEAMER DOM PEDRO WRECKED.

Over a Hundred Lives Lost Off the Galician Shore.

MADRID, May 29.—Word has reached here of the complete wreck of the French passenger steamer Dom Pedro which sank off Cape Corrubedo, on the west coast of Galicia.

When the disaster occurred the Dom Pedro was off Cape Corrubedo, on the west coast of Galicia.

The Dom Pedro was a 3,000 ton steamer, and was engaged in running regularly between Havre and the Argentine Republic, calling at Bordeaux, France, and Passages and Carril, Spain, for freight and passengers. The latter were mostly emigrants bound for the Argentine Republic or other ports of South America.

On her return trip the Dom Pedro was generally loaded with frozen meat. She left Havre on May 20 last with a crew of 40 all told and with 92 passengers on board. At Carril the steamer was to have embarked 200 additional passengers, but on her way to that port she was wrecked.

The survivors have taken refuge in the little town of Villagarcia, in the province of Pontevedra. The rocks of Cobos, near Corrubedo, upon which the ill-fated vessel struck, is around the headland which forms the northern limit of the bay of Arosa.

The gunboat MacMahon has been sent to the scene.

### BATTLE WITH TRAMPS.

A Number of Shots Fired, Several of Them Taking Effect.

FORT WAYNE, May 29.—Yesterday afternoon a sheriff's posse went east of this city to capture some tramps who had been annoying the people. Four were captured, and Deputies Ryan and Harrod proceeded further and found three more under a tree. The officers ordered them to surrender. One grappled with Deputy Ryan, while another ran behind a tree, and from there shot Deputy Harrod in the back.

The man in custody of Deputy Ryan then secured his revolver and shot Harrod in the leg. Harrod sent three bullets into Ryan's prisoner, who then broke away from Ryan and began shooting. Ryan returned the fire, inflicting a fatal wound. The man gave the name of William Walworth, Akron, O. Deputy Harrod is badly injured, but may recover. It is believed that the men captured are bad crooks. Two others were captured after having emptied their revolvers at the officers.

### Charitable Move.

COLUMBUS, Ind., May 29.—Elder Z. T. Sweeny, pastor of the Christian church of this city, will start a fund for the relief of ex-Governor Chase's family, left in almost destitute circumstances by his recent death.

### New Oil Field.

PARKERSBURG, W. Va., May 29.—A new oil well has been struck in Ritchie county, which is good for 240 barrels a day. It opens a new field.

### Mother and Daughter Fatally Hurt.

KOKOMO, Ind., May 29.—Mrs. James Straughan and daughter, Cora, of Alto, were thrown from a carriage here yesterday and fatally hurt.

### Stole His Wife and His Life.

TAMAQUA, Pa., May 29.—Joseph Morrison yesterday fatally stabbed Andrew Simons, a stripping boss, as the latter lay asleep in his shanty at Coaldale.

Morrison had been accused of intimacy with Simons' wife, and enraged at the charges, entered the shanty and plunged a knife into the sleeping man's abdomen. Death ensued an hour later.

## SHORTAGE OF WHEAT.

The St. Louis United Elevator Company Must Explain.

ST. LOUIS, May 29.—Six years ago eight of the local grain elevators were absorbed by the St. Louis United Elevator company, and since then it is alleged that the management has not checked up, or rather weighed up, its stocks. Recently there has been an urgent demand for wheat to make deliveries, and the elevator folks were surprised to find that there was an immense shortage of wheat in the elevators. Some persons estimate the shortage as high as 200,000 bushels, and even a higher figure is named. The discovery of the shortage led one of the directors to throw 1,000 shares of stock on the market last week, and since then the price has fallen from \$42 to \$17 a share. The shortage is attributed to mismanagement rather than crookedness and theft.

### EJECTMENTS.

Such Notices Served on the Striking Miners.

### New Men at Work.

ELKHORN, W. Va., May 29.—Fifteen new men from Roanoke, Va., entered the Crozer mines Monday. They report 105 at work.

The old employees have been notified to vacate their houses June 6. After that day ejectments will follow.

Governor MacCorkle, who advised the strikers that the law provides for scales or measurement, and that the remedy for their grievances lies with the prosecuting attorney and the criminal court.

At a meeting of strikers at Kimball, one man was reported shot and another one badly cut.

At this point quiet prevails, but there is much uneasiness on the part of both the strikers and the new men. The new men are quartered in the commissaries.

### IRON WORKERS' SCALE.

An Agreement May Be Reached and Strike Prevented.

### Prisoner Pardoned.

CLEVELAND, May 29.—The manufacturers and the delegates to the Amalgamated association convention will hold a joint conference in this city this afternoon. Secretary Kilgallin has received word from a number of the manufacturers stating that they will meet his association and discuss the scale. The change in the padding rate is the principal item to be considered.

Yesterday's session was devoted to action on the different committee reports. No session was held in the afternoon, the committees taking action on the different matters before them. President Garland states that he anticipates no difficulty in reaching an amicable agreement.

### Prisoner Pardon.

JEFFERSONVILLE, Ind., May 29.—Harry M. Hodson, 19 years of age, who killed his father in 1892 in Posey county, and was pardoned by Governor Matthews, was released from the Prison South yesterday. Hodson went home one night and found his father brutally beating his mother. He interfered, and in the encounter killed his father. He was sentenced to four years for the crime.

Pursuant to call of the Democratic Executive Committee for Third Railroad Commissioner District, the Democrats of Mason County are hereby notified and requested to meet in mass convention, at court house, Maysville, Saturday June 1, 1895, at 2 o'clock p.m., for purpose of selecting delegates to represent Mason County in the district convention to be held at Winchester, Ky., Friday, June 7, 1895, for purpose of selecting a Democratic nominee for the office of Railroad Commissioner, to be voted for at November election, 1895. J. N. KENOUE, Chairman.  
J. C. LOVEL, Secretary.

Fair; warmer weather; high southerly winds.

It is said that no one but a banker or a rich man is interested in maintaining the gold standard. Gentlemen, they are the ones who would profit by a silver standard. They have money, and their gold would double in value in case silver was freely coined.—Secretary Carlisle.

Suppose in two years a Congress and a President favoring free coinage should be elected. The creditor, knowing that a silver dollar worth fifty cents could be coined, would press his debtor for immediate settlement; the country would see vast numbers of judicial sales, foreign countries would refuse credits and loans, prices would go up, wages would fall and the currency become contracted and gold be hoarded all over the country. You certainly want no such conditions as these.—Secretary Carlisle.

Items Picked Up by the Bulletin's Correspondents in Mason and Elsewhere.

### GERMANTOWN.

Miss Mary Walton left on Monday to visit relatives in Covington.

Elder Paulsgrove is announced again to preach at the Christian Church on next Sunday.

What is the matter with the Maysville chess champions? J. R. Walton was down last week and laid out the best man. Jack is a dangerous man to tackle.

Mrs. D. Norris will offer at public sale on next Saturday evening a valuable lot of personal property, consisting of garden and farming tools, furniture and beds, two fat hogs and a family horse and buggy.

J. F. Walton has engaged Master Cushman Mannen to ride his stock in training. Persons having stock they wish trained for the saddle will do well to leave them with him.

### MT. GILEAD.

A very poor prospect for a wheat crop here.

R. K. Evan sold his crop of tobacco last week for 9 cents, to Mr. Collins, of Mt. Carmel.

A horse dealer from Pennsylvania was here this week looking at some of Mr. B. H. Farrow's stock.

The cut worms are very bad in this vicinity. Some go so far as to say that there is not a grain of corn for each worm.

We notice in the Mt. Gilead items of last week's issue of the Public Ledger, two verses which would sound very well if rightly construed, but if otherwise would east unpleasant reflections upon no less a person than Dr. T. L. Clark, a man of high birth, honor and integrity, a man who has proven himself a gentleman in every respect. Our high appreciation of these virtues causes us to offer a few remarks in defense of a man who too modest to defend himself. The verses, to those who know Dr. Clark, would be only as sounding "brass" and a tinkling cymbal," but to those who believe him to be the author (as they naturally will do, as the author has been so bold as to use his name without his consent) they imply, to use a vulgar expression, that he is rather soft, a man that was not well balanced, one whom conceit had gotten the upper-hand of, a fover of notoriety and self-praise. Suffice it to say he was not the author.

### SPRINGDALE.

Constable Hallhill was busy Saturday preparing for our regular weekly court.

Mrs. J. L. Truesdell, of Coveland, was visiting her brother, C. P. Vawter, at this place last week. Several of our citizens anticipate attending memorial services at East Fork cemetery in Lewis County, May 30th.

Considerable stock was shipped from this place Monday. Among the prominent shippers were Ambrose Dixon and James Roe of Orangeburg.

Some persons who have no more interest than the man in the moon are worrying themselves into a spell of sickness because the estate of Thomas Holt, deceased, has not been settled up. The war over the election for Trustee is on in earnest in our district. One very prominent young man who evidently does not know our boundary line was actually canvassing for votes in the Rectorville district.

The Ledger asks where is the new school house that a trustee promised the voters of District No. 37. Great Scott, man, we live in the latter end of the 19th century. Come out and see the magnificent house that the ledger told us. A pet trustee had built with his own money and superintended in another issue. The next spot some one will be making fun of his own image.

### STONEWICK.

Lee Masou paid a flying visit to Cincinnati last week.

J. H. Wells is canvassing the district for school trustee.

Mr. Charles Calvert has removed his saw mill to Mr. H. C. Calvert's, near Mt. Gilead.

Dr. Long, of Maysville, paid Orangeburg a flying visit Thursday, connected with his profession.

Piffing has got to be a nuisance. The plifers are known and they had better look out. The law will be put in force if it is not stopped.

Miss Goodman, daughter of W. P. Goodman of Mt. Gilead, who has been visiting Irving Goodman, her brother, has returned home. All who made her acquaintance were well pleased, and

Misses Bella and Mattie Tolle, of Maysville, attended worship at Elder Wallingford's Thursday night. A large crowd in attendance, and Elder Wallingford delivered an able discourse on the time-honored principles of the Old School Baptists.

Mrs. Matilda Shafer, of Coffee County, Kansas, is visiting her sisters, Mrs. George Calvert and Mrs. Charles Calvert, in and near Orangeburg. She expects to spend the summer here. She reports that the frost and chinoh bug and a sand-storm have done great damage to all growing crops out in Kansas, as well as the dry weather. The people are hauling water for drinking purposes. She says Kansas is a great state.

AUGUSTA VS. BROOKSVILLE.

The Fight Over the County Seat of Bracken—Injunction Modified by Judge Helm.

A month or so ago, the Fiscal Court of Bracken County issued an order to tear down the court house in Brooksville and build a new one. A temporary injunction was issued by the Clerk of the Bracken Circuit Court on petition of the Augusta people restraining the authorities from obeying the order of that court, and a motion to dissolve this injunction was argued at Newport Monday before Judge Helm, by consent.

The Brookville people were represented by Judge O'Hare, of Covington, and ex-Congressman John B. Clark, of Brookville, and the Augusta side by Mr. A. M. J. Cochran, of Maysville, and Judge George Donaphan, of Augusta. The court room was filled with the business people and officials of both cities.

Judge Helm, after hearing the whole matter, ruled that the order of the injunction granted by said Clerk be modified so as to read that the defendant members of the Fiscal Court be enjoined and restrained until the further order of the Bracken Circuit Court from contracting for the erection of a new court house or repair or improvement of the old one at a cost exceeding the funds in or to come to their hands or under their control from the levy of 1893, or any previous years levied for that purpose, or unappropriated to another purpose, now in use for county purposes, and the defendants are enjoined and restrained until the further order of the Bracken Circuit Court from making any contract for the erection of a court house in said county, save after submission to said Fiscal Court and pursuant to express authority to execute a given contract for that purpose which shall not incur an indebtedness in excess of the funds hereinbefore named.

### HERE'S AN OPPORTUNITY

For Some Worthy Young Persons, at the Agricultural College at Lexington.

Between the first day of June and first day of August, County Superintendent Blatterman will be required by law to appoint one pupil as a beneficiary from this county to the State Agricultural and Mechanical College at Lexington, and between July 1st and December 31st, he has the right to appoint four teachers or persons preparing to teach, to the Normal School course.

Beneficiaries are those persons between the ages of fourteen and twenty-four who are by law selected to represent their respective counties in the Agricultural and Mechanical College.

Beneficiaries receive traveling expenses and are exempted from all charges for tuition, matriculation, room rent in dormitories, fuel and lights, provided they remain at the college one consecutive collegiate year, or ten months.

Beneficiaries are appointed on competitive examination. A Board of Examiners is appointed for this purpose by the Superintendent of Common Schools. Results of examination are reported to the Superintendent, who from the data thus furnished selects the appointee. One appointment is made each year.

Appointments for the college proper, viz: the agricultural, mechanical engineering, civil engineering, scientific, classical and veterinary courses are all valid for the term of years necessary to complete the course of study in which the appointee matriculates. This includes the course in the academy.

Each appointee is required to pass an entrance examination at the college on subjects comprising all that is embraced in arithmetic, English grammar, geography and United States history, in the common school course.

All persons are eligible between the ages of fourteen and twenty-four, who have completed the common school course—preference being given to young men or women whose means are limited, to aid whom the provision is specially intended.

#### APPOINTEES TO NORMAL SCHOOL COURSE.

The law makes provision for the appointment of four teachers or persons preparing to teach, each year. Appointments to the Normal School are tenable for one year. Traveling expenses, exemption from all charges for tuition, matriculation, room rent in dormitories, fuel and lights, provided they remain at college one consecutive collegiate year, or ten months.

Applicants for appointment are examined by a Board of Examiners appointed by the County Superintendent on subjects transmitted by the faculty, viz: upon arithmetic, English grammar, United States history and geography. They should be not less than seventeen years of age. They are also required to pass the entrance examination at the college. They must likewise bring certificates of good moral character.

Matriculates in the Normal School will be required to sign an obligation to teach in the common schools of Kentucky for as many months as they receive free tuition.

Further information can be obtained by calling on Superintendent Blatterman.

#### The Modern Mother.

Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

#### An Old Case.

A case that has been in the Lewis Circuit Court for thirty-three years is on trial this week before Judge Harbeson. Harlan's heirs versus Howard and Lewis, is the style of the suit, the point at issue being the ownership of over 20,000 acres of land in Lewis and Greenup counties. A great many parties are interested in the decision.

WHAT might have proved an interesting fire last night was averted by the timely act of a few by-standers on Front street. A lot of straw had been dumped under the trestle work in front of Cooper's warehouse, and after the Huntington accommodation passed the straw took fire from cinders that fell from the firebox. The inflammable material was removed from under the railroad track, and burned without doing any damage.

### TWO GAMES TO-MORROW.

Hall, Maysville's Crack Short Stop, Meets With a Painful Accident While Practicing.

It has been definitely decided to play two games of ball to-morrow. One will be called at 10 a. m. and the other at 3:30 p. m. Lovers of the National game will thus have an opportunity to witness some fine sport, and the day being a holiday a large crowd from the surrounding country will no doubt come in to the games. And of course all the "fans" of this city will go out to pull for two straight wins from Ashland.

It is reported the Ashlands will be materially strengthened for these games. They will try their best to down Maysville.

Hall, the crack short stop of the local team, met with a painful accident Tuesday afternoon. He was at the park practicing and in catching a ball thrown by another player, he had the index finger of his right hand broken at the first joint. The accident will disable them for some time, and it is unfortunate that the Maysvilles will have to play the games this week without his services. Another player from Cincinnati will be engaged to take Hall's place, temporarily.

Lever and Tenley will likely be the battery for the locals in the first game to-morrow and Reinman and Tenley in the second.

Three of the County's Fair Daughters to Graduate From This Excellent School Next week. The Program.

The commencement exercises of Hayswood Female Seminary will take place next week and will be of an unusually interesting and attractive character.

The Baccalaureate sermon will be preached in the First Presbyterian Church next Sabbath evening by Rev. Mr. Patrick.

On Monday evening a piano recital will be given in the chapel of the seminary by Miss Anna Brittain, preparatory to her receiving her certificate of graduation in the course of music taught in the institution, and in which she will be assisted by other pupils of the seminary.

Wednesday night an entertainment will be given in the opera house by the class in physical culture and in which there will be an instructive and beautiful display of what Hayswood is doing for the physical development of its pupils. The music for this occasion will be furnished by the Maysville Orchestra.

On Thursday evening the commencement exercises proper will take place in the opera house. The senior class is composed of Misses Fannie Gault, Jane Lee and Flora Hunter, who will on that occasion read essays and receive their diplomas. An attractive feature of the evening's exercises will be the music furnished by the music class of the institution under the direction of its excellent teacher, Miss Jennie Moore.

Admission on Wednesday and Thursday night, each, 10 cents. Tickets can be obtained at Nelson's, and reserved seats secured by the payment of 5 cents additional.

Mose Daulton & Bro., the wide-awake proprietors of the Phoenix livery and stable, favored a representative of the Bulletin and others with a pleasant ride in the handsome new French neck ladau, or wedding car, yesterday, notice of which has already appeared in these columns. In the party were Mr. Ben Poyntz, Dr. Paris Wheeler and Mr. T. A. Davis. After a ride about the city, the party rested at the St. Charles where the inner man was refreshed, and all adjourned to their respective places of business, with a vote of thanks to the popular firm of Mose Daulton & Bro.

The inflammable material was removed from under the railroad track, and burned without doing any damage.

MR. HARRY LANGENFELSER, of West Second street, is able to sit up after a severe tussle with a spell of fever. He hopes to be out in a few days.

### UNSEASONABLE WEATHER.

It has an Unfavorable Effect on the Condition of Crops.

WASHINGTON, May 29.—The weather bureau in its review on crop conditions for the week ended May 27, says: Upon the whole the weather conditions of the week have been unfavorable. Farm work has been retarded in the gulf, middle and south Atlantic states from excessive rains, while crops generally need rain from the Ohio valley westward.

Complaint as to the unfavorable effects of the unseasonably low temperature upon crops is general throughout Utah, middle, central and southern portions of the country.

Cotton has suffered seriously, especially on sandy soil in Louisiana, Mississippi, Georgia, Arkansas and portions of the Carolinas. Florida reports cotton late but healthy.

Reports of corn have been general during the week owing to damaging effects of recent frosts. In Indiana most of the crop had to be replanted. Kansas reports corn doing well, and in Nebraska the early corn planted is in good condition, but rain is needed to bring up that recently planted. In the southern states the general condition of corn is good, and in some sections cut is finished.

Tobacco planting is progressing in Kentucky and has begun in Maryland, where plants are abundant; in North Carolina planting is nearly finished. Ohio reports tobacco plants in poor condition.

Winter wheat is reported in good condition in northern Illinois, but in poor condition in central and southern portions of the state. The condition of wheat has declined rapidly in Missouri, owing to drought and insects. In Indiana some wheat has been plowed and planted in corn and the crop has sustained further injury from frost in Ohio.

### The Corus Held For Murder.

VANCEBURG, Ky., May 29.—The grand jury has returned indictments for murder in the first degree against John Corns and his mother, Harriet Corns, for the murder of Mary Corns, John's wife, March 2. The victim had been buried when public clamor forced the authorities to disinter the corpse and hold an inquest. An autopsy was held and it was found the woman's neck had been broken, and marks of violence were found on the other parts of the body.

### Wife Murderer Hanged.

COLUMBUS, O., May 29.—Lafayette Prince, the Cleveland wife murderer, was hanged in the penitentiary annex this morning. He had professed religion, and was calm and unmoved to the last. He went through the trap at 12:11, and in 13-1/2 minutes the heart had ceased to beat. The execution was perfect. The murderer's neck was broken by the drop.

### ANOTHER ROLLING PALACE.

#### Second Handsome Bill Car of the Great Wallace Shows Arrives.

Another bill car of the great Wallace Shows was here yesterday and it is as grand as the \$10,000 car which was here a week ago. If this excursion is up to the standard of excellence of its advance cars it will be the greatest show ever exhibited here.

This car makes a specialty of advertising the excursions which will be run over all the lines of railway coming into town on show day at greatly reduced rates. It is in charge of Mr. C. A. Potter, an affable gentleman, who has been thirty-five years in the show business, and is an authority on advance advertising. He spends his winter quarters on the staff of some metropolitan daily. The BULLETIN is informed that Mr. P. served two terms as a member of the Legislature of this State.

Mr. M. Fagin is the boss bill poster, with 18 assistants. They live in style in their car and enjoy the best of everything. This car, like the first, is beautifully decorated within and has several paintings outside that are veritable works of art. And this is not all—another bill car is promised whose magnificence is equal to this one. It must be a remarkable show which can support so much advance work.
